Training Location:	ONLINE VIRTUAL	**Clinical Location:** *If Applicable*	NOT APPLICABLE
Phone Number:	248-780-9560	**Website:**	https://www.cuttingedgeschool.com/

Description of Training Program:

The Quality Assurance & Automation Testing course is designed as a progressive learning path for individuals seeking to develop and demonstrate their expertise in two key areas of specialization. Students will enroll in two specialized programs from the following course options: Software Testing & Quality Assurance and Web Development with HTML/CSS. Together, these programs provide students with a strong foundation in software quality assurance, testing methodologies, and web development, helping them build practical skills applicable to software testing and quality assurance roles.
