Description of Training Program

This 180-hour program was created to prepare students with the skills necessary to be eligible to use welding equipment as well as obtaining credentials for industry related careers. Students will have both lectured styled teaching along with hands on training. The hands-on portion will include conducting MIG welds and demonstrating the difference between MIG Welding and ARC welds. Students will also learn job safety requirements per American Welding Society Welder Qualifications. Students will also receive credentials for OSHA 10, First Aid/CPR and Forklift Training.
