Description of Training Program

This hands-on training program will provide students with the skills necessary to work on important Masonry Restoration projects for the City of Detroit. Skills and topics included will cover the history of masonry, tools, equipment, and mediums used by masons as well as advanced Masonry Restoration Techniques. Students will have the opportunity to learn mortar spreading, furrowing, buttering, brick laying, and much more. Graduates will have the following certificates: OSHA 30, First Aid/CPR, Aerial Lift Operator, Swing Stage Operator, and their Masonry Restoration Certificate. Employer engagement sessions will be included in this training program and will cover: resume building, computer literary, soft skills, financial literacy, interview skills and mock interviews
