<b>Description of Training Program:</b>			
<p>The CIET Certified Nursing Assistant program aims to close Detroit's skills gap by increasing opportunities for economic mobility and eliminating barriers to unemployment and under employment. This is a 16-week class for a total of 48 weeks. Two levels of instruction will be taught, grade 6 and grade 7. Students are expected to advance 2 grade levels, prepared for grade 8 and CNA certification by program completion.</p> <p>This will be achieved through an 8-pronged approach: 1. The creation of a data-driven, human-centered and trauma informed program; 2. Class sessions that function cooperatively with a single set of learning objective, developed by instructors and employer partners; 3. Instruction methods that adhere to College and Career Readiness [CCR] standards; 4. Directly involve IIMD's employer partners in the program design and curriculum development; 5. Provide access to program and services by offering neighborhood-based classes; 6. Eliminate barriers, including lack of transportation, childcare and internet access; 7. Provide program incentives to qualifying enrollees; and 8. Conduct outcome evaluations to assess program effectiveness.</p>
