### Description of Training Program:

N.U.R.S.E.S. conducts a Patient Care Technician program that offers 4 certificates of completion and Certification in 4 health care disciplines. This training includes: Nurse Aide, Phlebotomy, EKG Technician and Patient Care Technician. There are 3 four-week modules that comprise the 12 week total training program. Those who do not complete the 12 week training to complet PCT can obtain a class completion and certification with any one or more of our modules. This ensures employment opportunity even if students do not complete all 3 modules. Many of my students continue beyond my programs to pursue nursing and other health care professions
