Description of Training Program:

The Patient Care Technician (PCT) Program at CarePro Healthcare Training prepares students for entry-level careers providing direct patient care in hospitals, long-term care facilities, rehabilitation centers, and other healthcare settings. Students receive classroom and hands-on training in vital signs, infection control, EKG, phlebotomy, specimen collection, activities of daily living (ADLs), patient safety, and professional communication. Upon successful completion, graduates are prepared to enter the healthcare workforce with the skills needed to deliver safe, compassionate, and quality patient care.
