### Description of Training Program:

This class is an entry level CDL class to prepare students for work in the trucking industry. This program is designated to train individuals for basic control skills necessary to obtain their class A CDL. This includes a combination of classroom, range, and road training. Students will be able to operate vehicles with a gross vehicle weight of 26,001 pounds and over. In-depth lecture and textbook materials will cover driving safely, cargo, air brakes, and combination vehicles. The hands-on segment includes docking, right hand turns, coupling of trailers, and the completion of a behind the wheel exam.
